

Transcript of results 2020/1

Student name: Eniitan Oluwakorede Victoria Ayeni
Student number: 2049422
Date of Issue: 12/07/2021
Course / Year: Engineering with a Foundation Year / 0
Year result: You have not successfully completed this year/stage of your programme of study. You are required to undertake assessment during the Resit Examining Period before the Examining Board reconsiders whether you are permitted to continue to the next year/stage of the Programme of Study.

Your results as confirmed by the Examining Board

Code	Name	Credits	Attempt	Mark	Result
EN0002	Information Technology and Experimentation	10	1	53%	PASS
EN0012	Electrical Circuits and Analysis	10	1	42%	PASS
EN0017	Introduction to Algebra	20	1	59%	PASS
EN0018	Introduction to Trigonometry	10	1	62%	PASS
EN0019	Introduction to Calculus	20	1	50%	PASS
EN0020	Engineering Principles	20	1	53%	PASS
EN0021	Engineering Applications	10	1	59%	PASS
EN0016	Introduction to Mechanics	20	1	30%	NOT PASSED

The Resit Examination timetable is available at the end of July on the University's website for students sitting exams in the August Resit Examination Period. It is your responsibility to check the timetable and ensure that you present for all your resit exams. For information on any resit examinations not taking place during Resit Examination Period or other forms of assessment please contact your school.

Eniitan Oluwakorede Victoria Ayeni (2049422)

EN0002 Information Technology and Experimentation

Module start year:	2020/1
Module credits:	10
Module level:	L3
Module attempt:	1
Module mark:	53%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
Class Test	1	20%	90%	P
Module evaluation	1	5%	100%	P
Library assessment	1	5%	100%	P
Microsoft Office coursework	1	10%	0%	X
LabVIEW project	1	60%	42%	P

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

Eniitan Oluwakorede Victoria Ayeni (2049422)

EN0012 Electrical Circuits and Analysis

Module start year:	2020/1
Module credits:	10
Module level:	L3
Module attempt:	1
Module mark:	42%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
Class Test	1	20%	85%	P
ELECTRICAL CIRCUITS AND ANALYSIS	1	80%	31%	F

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

Eniitan Oluwakorede Victoria Ayeni (2049422)

EN0017 Introduction to Algebra

Module start year:	2020/1
Module credits:	20
Module level:	L3
Module attempt:	1
Module mark:	59%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
In-class test 1	1	20%	59%	P
In-class test 2	1	80%	59%	P

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

Eniitan Oluwakorede Victoria Ayeni (2049422)

EN0018 Introduction to Trigonometry

Module start year:	2020/1
Module credits:	10
Module level:	L3
Module attempt:	1
Module mark:	62%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
In-class test 1	1	20%	52%	P
In-class test 2	1	80%	64%	P

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

EN0019 Introduction to Calculus

Module start year:	2020/1
Module credits:	20
Module level:	L3
Module attempt:	1
Module mark:	50%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
Introduction to Calculus - Class Test	1	20%	76%	P
Introduction to Calculus	1	80%	43%	P

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

EN0021 Engineering Applications

Module start year:	2020/1
Module credits:	10
Module level:	L3
Module attempt:	1
Module mark:	59%
Module result:	Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
Class assessment	1	100%	59%	P

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

EN0016 Introduction to Mechanics

Module start year:	2020/1
Module credits:	20
Module level:	L3
Module attempt:	1
Module mark:	30%
Module result:	Not passed

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark (Uncapped)	Assessment Grade
Introduction to Mechanics - Class Test	1	20%	44%	P
Introduction to Mechanics	1	80%	26%	F

If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

Explanation of assessment results

P	Passed assessment
F	Failed assessment
X	Absent from assessment without good cause
A	Accepted extenuating circumstances that have not been remedied against the assessment
B	Accepted extenuating circumstances relating to a protected characteristic that have not been remedied against the assessment
UA	Academic misconduct upheld against the assessment
UM	Academic misconduct upheld against the module
XW	Withdrawn from the programme of study
I	Interruption of study
T	Transferred programme
OA	Outstanding result
D	Acknowledgment of defect or irregularity, that has not been able to be remedied through other process and procedures
Z	Not successful in formative assessment
L	Late submission of coursework, assessment capped at the minimum pass mark for the assessment
C	Declaration of extenuating circumstances, deferral of submission to next available opportunity

How to appeal

This transcript is your results letter and confirms the decision of the Examining Board. If you wish to appeal the decision of the Examining Board, further information is available on the student intranet by searching Academic Appeals. You have **28 days** from the date this transcript was emailed to you, to appeal a decision of the Examining Board.

You are only permitted to appeal on one or more of the grounds listed below. Please also read the guidance notes provided and look for further information on the student intranet by searching 'appeals':

1. an arithmetical or other error of fact in the results published following the decision of the Examining Board;
2. a defect or irregularity in the conduct, the written instructions or written advice relating to an Assessment either: unknown to the Examining Board which can be shown to have had an adverse effect on the student's performance; or known to the Examining Board and where the Board has acted unreasonably;
3. Extenuating Circumstances either unknown to the Examining Board where the student can show good reason why they could not have been made known to the Examining Board when the student's results were being considered; or known to the Examining Board and where the Board has acted unreasonably.

If you would like independent, confidential, free advice about the Academic Appeals Procedure or any other University procedure, you can contact Student Advice in the Students' Union on 02920 781410 or advice@cardiff.ac.uk. Information is also available on their webpages cardiffstudents.com/advice
